

We are very pleased to announce two enhancements to the IDShield plan currently in place for employees. First, we are expanding the benefits to include monitoring of all three major credit bureaus (TransUnion, Experian, and Equifax). And secondly, **beginning July 1 2020, your employer will pay premiums on your behalf for employee coverage and you will still have the option of extending coverage to your family. IDShield Plan Benefits Include:**

- Identity Consultation and Advice
- \$1 Million Protection Policy
- Identity and Credit Monitoring
- Identity and Credit Threat Alerts
- Complete Identity Restoration
- Direct Access to Licensed Private Investigators
- Monthly Credit Score Tracker
- Social Media Monitoring
- Mobile App

Employees currently enrolled in the IDShield Family Plan will continue to be enrolled in the new plan without interruption. However, because the County is now paying for your employee coverage, your monthly payroll deductions for family coverage will decrease to \$12.95 starting in July 2020. There is no action required on your part.

Employees currently enrolled in the IDShield Individual Plan will continue to be enrolled in the new plan without interruption. However, because premiums for employee coverage will be paid by your employer, payroll deductions will cease starting in July 2020. There is no action required on your part.

Employees who are not currently enrolled in the IDShield Plan will automatically be enrolled for employee coverage in the new plan effective July 1, 2020. There is no cost to you for this coverage. You will receive a welcome letter in early July from IDShield with instructions on activating your coverage and downloading the Mobile App to take full advantage of this important plan.
